AI Trainer & Technical Specialist

Detail-oriented AI Trainer with over a year of experience specializing in evaluating, ranking, and authoring high-quality data for large language models. My technical background as a developer (Python, Java, SQL, JavaScript) provides a deep understanding of software logic and structured thinking, allowing me to meticulously analyze complex guidelines and data. I am passionate about applying this unique blend of analytical and creative-data skills to enhance narrative-driven AI, character interactions, and immersive game worlds.

Core Competencies

- **AI & Data:** AI Model Evaluation, Data Annotation, Instruction Tuning, Red Teaming, Quality Assurance, Factual Accuracy
- **Creative:** Storytelling, Creative Writing, Narrative Structure, Content Development, Visual Composition
- **Technical:** Python, Java, SQL, JavaScript, HTML/CSS, Flutter, Docker, Git, Version Control
- **Professional:** Analytical Thinking, Problem-Solving, Cross-Functional Collaboration, Meticulous Attention to Detail

Professional Experience

AI Model Trainer | Outlier (Remote)

September 2024 – Present

- Evaluated and ranked AI-generated responses based on detailed project rubrics for quality, helpfulness, and harmlessness.
- Authored high-quality, human-written examples of ideal model responses to be used in instruction tuning and training datasets.
- Conducted critical testing (red teaming) to identify model vulnerabilities, biases, and potential for harmful or factually incorrect outputs.
- Provided detailed, actionable feedback and qualitative analysis to AI researchers to guide model improvements and alignment.

Photographer / Owner | Ziyyon Vision (Self-Employed)

January 2015 – Present

- Managed all aspects of a freelance photography business, including client consultation, creative direction, and final content delivery.
- Specialized in portrait and event photography, demonstrating a strong eye for visual storytelling and narrative composition.
- Cultivated strong client relationships by understanding their creative vision and exceeding expectations.

Fibre Sales Consultant | Real Promotions & Alisom Enterprise Solutions

June 2019 – August 2022 (Combined)

- Utilized excellent communication and interpersonal skills to engage with customers, understand their needs, and recommend technical solutions.
- Generated leads and followed up with customers to ensure satisfaction and drive sales.

Education & Training

Certificate in Full Stack Development | IT Varsity (FNB App Academy)

Awarded July 2025

- 32-credit program covering App Strategies, APIs, Backend Development, and AI in Development.

Certificate in Software Development | Power Learn Project (PLP)

Awarded December 2024

- 16-week program specializing in Web Development, covering Python, Web Technologies, Database Management, and Dart with Flutter.

NQF Level 5, Software Development | WeThinkCode_, Cape Town

September 2022 – January 2024

- Intensive, project-based training focused on Java, Python, SQL, and advanced problem-solving.

Bachelor of Film Arts | Open Window Institute, Centurion

January 2013 – December 2017

- Specialized in visual storytelling, narrative structure, and creative content development.
